

PROJECTCALC® PLUS MX

Model 8528

DO-IT-YOURSELF METRIC PROJECT CALCULATOR

Calculator Features:

- Quickly and accurately estimate material requirements for paint, wallpaper, floor tiles, studs, blocks, bricks, slabs, flooring and bulk bags of gravel.
- Define and store material values for grout, fence post spacing, custom tiles, board width, paint coverage and more.
- Solve square-up diagonals using square root for truer construction.

Specifications:

Size: 75 x 120 x 10 mm

Weight: 100 gr

Power: CR1620 lithium battery (included)

Display: LCD segment; 11 digits with full annunciators

LCD:

Dimensions: 15 mm x 55 mm

Accuracy: 10 Digit Internal Accuracy

Includes:

- Protective Hard Cover Door
 - One Long-Life (CR1620) Battery
 - Easy-to-Follow Pocket Reference Guide
 - Full One-Year Limited Warranty
- U.S. Patent No. 6,171,623

Helps solve 100s of Building & Home Improvement Projects

Do-It-Yourselfers • Woodworkers • Hobbyists • Decorators • Landscapers

Works in millimetres and metres or imperial (feet, inches, yards, fractions) – including square and cubic. Converts between all standard dimensional formats.

Find the number of studs needed for a wall. Use default On-center spacing (400 mm) or store a custom setting.

Find the number of tiles for an area. 9 of the most popular metric tile sizes are built in.

Find the number of Btu needed for a room and calculate kilowatt hours for an electric radiator.

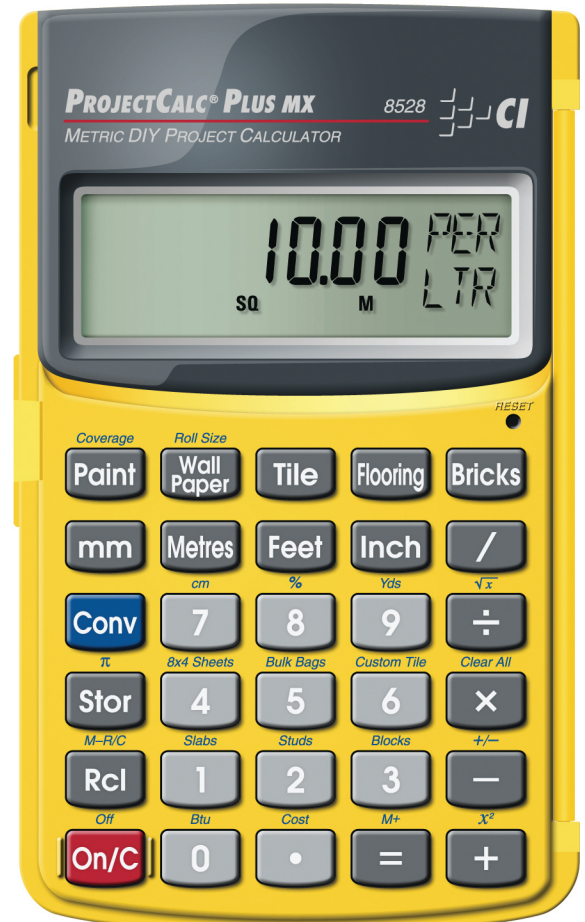

The Project Plus MX was designed specifically for Do-It-Yourselfers who use Metric measurements. Get exactly what you need for virtually any project.

The ProjectCalc® Plus MX calculator will help you design, apply, install and finish your improvements with precision and confidence. Its functions provide professional results on your building and home improvement projects.

Slabs — 7 built-in slab sizes (mm) — 300/300, 400/400, 450/300, 450/450, 600/450, 600/600, 600/300. Plus, enter and store any custom size

Tile — 9 built-in tile sizes (mm) — 50, 100, 150, 200, 225, 250, 300, 330, 500 mm. Plus, enter and store any custom size.

Carpet — 4 built-in carpet lengths — 2.0 m, 3.0 m, 3.6 m, 4.0 m.
